

# New York State Sheriffs' Association

## Corporate Partners Program

It is our tradition at The New York State Sheriffs' Association to develop long-term, mutually beneficial relationships with businesses in the law enforcement community. Our new Corporate Partners Program builds upon that tradition to offer a formal, tiered partnership program designed to clearly communicate to Sheriffs and their leadership teams your company's name and commitment to our organization and to offer enhanced opportunities for interaction with the Sheriffs.

The New York State Sheriffs' Association developed our Corporate Partners Program for companies which supply products, information, or services to the Sheriffs of New York State, who want to stay informed of the current trends in law enforcement and that wish to support the Sheriffs' Association and the Sheriffs of New York State.

You do not have to be a Corporate Partner to participate in our conferences as a vendor. All types and levels of corporate support are greatly appreciated by the Sheriffs.
